Feelings about the First Girls District Tournament – Gabrielle Clarke J5

My heart was filled with joy and happiness.

I was as proud as punch

I felt like I was part of a proper team.

I felt like I was on top of the world.

I could feel my heart beating really fast.

To start with I was very nervous but when the first whistle blew all my nerves went away.

I got all my tackles in and worked really hard, I played with pride and a smile on my face. We all enjoyed the tournament and I hope that we play in many more.

I'm so glad I got in ! – Alice Johnson J5

I'm so glad that I got in to the girls district football team. It was great to hear that I got in. I have been working for it for a long time, I was about four when I started to play football and when I started training at the girls district football team I loved it !

When Thursday came I was so excited about the match on Saturday, but I hurt my foot and I needed to go to hospital. I was really upset that I couldn't play but hopefully I'll be better very soon and I will be able to play.
